Deeper is an excellent concept and boon for all the students appearing a good link in the MHT-CET examination. Deeper has been successful in providing a mirror to the students about their preparation for the most imp exam of ones life. Deeper was very helpful as it provided complete CET atmosphere while writing the exam. *Thank you DEEPER!*

MHT-CET-10 Score : Total PCB : 198
DCT- 10 Score : Total PCM : 192

First, I should thank Deeper for giving us an golden opportunity to have an experience of the MHT-CET. While giving MHT-CET, I really experienced that the papers I solved in DCT were very similar to CET. The DCT papers cover almost all the concepts and give an idea about how to manage time properly which is very important to sustain in this tough competition. I wish all my juniors to be helped by DEEPER to have their bright career.

MHT-CET-10 Score : Total PCM : 195
DCT- 10 Score : Total PCM : 196

Deeper was nerly introduced in our district so we didn't have lot of idea about it. But my experience with it was quite good. The exam helps to remove examphobia from students. We get idea of what types of questions, what quality and how to face them in given time. Proper time management can be done. Not only DCT-10 but all the other trial sets of Deeper also helps to judge oneself till the exam date. The pattern followed by members that to take exam before few months so that students can understand at what level they are is proved true. And hopefully many students will be benefited of it.

DCT-10 Score : Total PCB :183

It is a very useful examination. It not only helps for preparation but also helped me to know how I have to perform. It helped me to boost my performance. Such statute exams should continue in all college of Maharashtra.

Feed back given on Annual Day Function of Deeper on 10th July11

Vivek Premshnkar Tiwari

R. D. National College,

Honetly, DEEPER and its entire process is great. Their exam are also like C.E.T. which just tells the candidate how exactly he is going fair at CET and I hope more people came to learn about deeper and reap the benefits as I have this year.

Garud Sanket Sunil

K.B.P. College, Islampur (Sangli)

I have been benefitted by Deeper's DCT, Kasauti, Trial Sets and Web Paper very much. Due to Deeper I recognised my faults and got an oppotunity to implove my faults. Due to to Deeper, I got a opportunity to test myself and compete with students all over Maharashtra. I thank Deeper fot these facilities. I also advise that Deeper should support all its students in the future like me.

DCT - 11 Score : 195 (PCM), DML : 03

A big 'THANKS' comes out of my heart as i talk about "DEEPER" . Hence, I first by thank entire DEEPER team and especially Butle Sir as they are the major factors contributing to my grand success.

DEEPER is a boon for all the students appearing a good link in MHT-CET. You get the idea of exam environment, time management, about filling up of seat numbers and all other small things that ought to be taken care of, in the final examination. Besides being a confidence -booster, it removes 'exam-phobia' too, whihc is a major problem for most of the students. The students understand their position while competing on a mass platform via DCT and thus, can put in necessary efforts to rise to the top in MHT-CET.

Afterwards, I solved the two trial sets given by DEEPER, 10 days and 5 days before MHT-CET. Those papers cover almost the entire syllabus and their difficulty level is same as that of MHT-CET, exactly what happened in my case. Also, the Web-Paper at the last, proves to be helpful.

Actually, the questions in MHT-CET are very simple but a bit twisetd. DEEPER covers all these type of questions which are asked in MHT-CET. In fact, at a very low entry fees, DEEPER provides DCT exam + 2 trial sets + a web-paper, which is a "cherry on the cake". Also, I thank Mr. Pravin Bafna sir for informing me about DEEPER and guiding me towards by goal. Finally, I would surely say.

"DEEPER is the key to SUCCESS"

Thank you Bafna Sir. Thank team DEEPER.
